

Offering all the same features as Asset Tag plus unique Touch-to-Sign feature. Reserve assets or collect process data simply by touching the Asset Tag with your Touch to Sign ID-Badge.

The standard features of Asset Tag are fully supported like tracking and notifications if assets are moved without a permission.

Asset Tag can be fixed by using cable ties and also be attached to devices with smooth surfaces by using magnet lock. The Tag is waterproof up to 1 meter and easy to clean by using alcohol based cleansing agent.
