

Asset Tag is used to track, monitor and reserve your valuable assets.

Valuable items equipped with the Asset Tag can be accurately tracked as well as noticed if they are being used without a permission.

Asset Tag can be fixed by using cable ties and also be attached to devices with smooth surfaces by using magnet lock. The Tag is waterproof up to 1 meter and easy to clean by using alcohol based cleansing agent.

Asset Tag

Asset Management and Theft Protection

Features

User Interface

- ✓ Optimal to tag mobile assets.
- ✓ Automated alarm if Tag is removed from Asset.
- ✓ A single button used to change status of the asset, 'booked', 'free' and 'requires maintenance'.
